ILLINOIS HOUSING DEVELOPMENT AUTHORITY

INTRODUCTORY SECTION

Agency Officials are located at:

111 E. Wacker Drive, Suite 1000 Chicago, Illinois 60601

111 E. Wacker Drive Suite 1000 Chicago, IL 60601 312.836.5200

November 25, 2024

The Honorable J.B. Pritzker Office of the Governor 207 S. Spring St. Springfield, Illinois 62704

Dear Governor Pritzker, Members of the IHDA Board, and citizens of Illinois:

It is our pleasure to present the Audited Comprehensive Financial Statement for the Illinois Housing Development Authority (IHDA, the Authority) for the fiscal year ending June 30, 2024, which provides an in-depth, detailed analysis of our financial transactions and standing for the fiscal year. Management assumes full responsibility for the completeness and reliability of the information contained in the report, based upon the design, implementation, and maintenance of a framework of internal control that it has established to ensure the Authority's financial statements are free from material misstatement, whether due to fraud or error. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide a reasonable, rather than absolute, assurance that the financial statements are free of any misstatements.

The Authority is required to have an annual audit in accordance with the Governmental Account Audit Act (50 Illinois Compiled Statutes 310/2) and to file a complete audit, including annual financial statements, to the Illinois Office of the Auditor General Information related to the single audit, including a schedule of expenditures of federal awards and the required independent auditors' reports is included in the audit report.

This report has been prepared in accordance with Generally Accepted Accounting Principles (GAAP) and in conformance with the financial reporting principles and standards established by the Governmental Accounting Standards Board (GASB). Additionally, this report follows the guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA) and will be submitted for its review and evaluation.

Reporting Entity

IHDA was created in 1967 by an act of the Illinois General Assembly to finance the development of decent, safe, and sanitary housing for persons and families of low- and moderate-income in the State and assist in the financing of residential mortgages in the State. To accomplish its mission, the Authority is authorized to make mortgage or other loans to nonprofit corporations and limited profit entities for the acquisition, construction, or rehabilitation of affordable housing. IHDA is also authorized to issue bonds and notes to fulfill its corporate purposes, including making mortgage and construction loans to fund affordable rental housing and the financing of residential mortgage loans to encourage affordable homeownership.

Over the years, the Authority's scope has expanded to address the diverse housing challenges facing residents of Illinois. Today, IHDA administers a variety of state and federally funded programs focused on the following key areas: (1) Multifamily and Single-Family Housing Finance; (2) Community Revitalization; (3) Planning and Capacity Building; (4) Foreclosure and Eviction Prevention; and (5) Capacity Building and Coordination with Partner Agencies.

The Authority implements an executive budget each fiscal year. The executive budget is reviewed and approved by the Executive Director, monitored for compliance on a monthly basis, and any use of the general fund beyond the approved executive budget must be approved by the Executive Director. This annual budget serves as the basis for the Authority's financial planning and control.

Economic Conditions and Outlook

According to estimates from U.S. Census Bureau, Illinois' population in 2023 was 12,549,689, a decrease of 332,446 from the population reported in 2013. This represents a decrease of 2.6% over ten years compared to a national population increase of 5.9% in that same time.

Illinois' median household income was \$80,306 in 2023, 3.3% above the national median of \$77,719. The State's average unemployment rate for 2023 was 4.5% compared to the nation's average of approximately 3.7%. An estimated 11.6% of the State's population is below the federal poverty level compared to a national poverty rate of 12.5%.

Illinois' rate of homeownership, as reported by the U.S. Census Bureau, was 67.4% in 2023, compared to a national rate of 65.2%. The median monthly housing costs paid by Illinois homeowners with a mortgage was \$1,905, while the median gross rent paid by Illinois tenants was \$1,238. Recent studies have found that an estimated 23.4% of homeowners and 47.9% of renters in Illinois are considered housing cost-burdened.

Total housing production in Illinois during 2023 totaled 16,863 units with 10,373 residential building permits issued, down from 2022 when 10,547 permits were issued for 20,549 units.

It is IHDA's mission to finance the creation and preservation of affordable housing in Illinois. As extreme construction costs, high property insurance costs, higher interest rates and other challenges exacerbate affordability challenges for homeowners and apartment building owners alike, the Authority maintained a proactive and innovative approach to fulfilling this mission in service to low-income and moderate-income families, older adults, persons with disabilities, persons at risk of homelessness, and other priority populations in Illinois.

Current Major Initiatives

Affordable Rental Housing

IHDA made significant progress in multifamily finance in FY2024, leveraging state and federal resources with access to private capital to create affordable housing for families, older adults, and persons with disabilities. During the course of the year, IHDA allocated \$774.5 million in state and federal resources, awarded state and federal tax credits that generated \$481.9 million in private investment, and leveraged an additional \$455.0 million in non-Authority resources to finance the construction or preservation of 42 affordable rental developments in communities throughout the State. Located in 24 cities across 19 counties, these properties contain 3,146 affordable rental units, all of which are designated for incomeeligible households.

In addition to creating and preserving affordable rental housing, the Authority takes an active approach to oversee its rental portfolio, which includes 105,225 units in 1,978 developments. To ensure Authority-financed properties remain financially viable and well-maintained over the long term, IHDA works directly with 465 unique property management

partners to provide comprehensive trainings, streamlined reporting processes, and subsidy programs designed to meet the housing needs of severely and extremely low-income households.

Affordable Homeownership

Helping more Illinoisans achieve affordable and sustainable homeownership is a priority for the Authority. In FY2024, IHDA originated \$1.7 billion in first mortgage loans and \$63.2 million in down payment assistance to help 8,864 Illinois families purchase their first home in 93 of Illinois' 102 counties. This assistance was provided through six unique down payment assistance programs that provided varying levels of assistance designed to address many of the common barriers first-time homebuyers face.

Not all barriers to homeownership are financial, and IHDA is also committed to bridging the knowledge gaps that have kept many first-time buyers on the sidelines. Among other efforts, IHDA has partnered with the Federal Home Loan Bank of Chicago on a new program that will facilitate expanded housing counseling, financial education, and other services in communities that have historically been marginalized from the housing market.

Emergency Foreclosure and Eviction Prevention

The COVID-19 pandemic exposed long standing housing insecurities many Illinoisans were already facing, particularly in communities of color that were more likely to experience job losses due to the pandemic. IHDA's emergency assistance programs helped thousands of households to avoid eviction or foreclosure from FY2020 to FY2023, but more help was needed in FY2024 as state and federal protections began to expire.

By the time IHDA's emergency assistance programs ended in mid-FY2024, the Authority had provided more than \$1.4 billion in emergency rental and mortgage assistance, helping more than 164,000 households since the start of the COVID-pandemic. This allowed Illinois households the time and support they needed to regain their financial stability and avoid eviction and foreclosure. While these programs are now closed, IHDA continues to administer a state-funded program that offers financial assistance and legal support for renters in eviction court and funds a network of HUD-certified housing counseling agencies who provide free counseling and financial education services in communities across the state.

Home Rehabilitation and Repair

For many families, the high costs of repairs and maintenance can make homeownership unaffordable. The Census reports that 37.3% of all housing units throughout Illinois were built before 1960, and many of these homes are in need of updates, renovations or repairs that can be out of reach for low-income households. In addition, the number of Illinois residents over the age of 65 has increased by 36.6% since 2010, and while they may have the financial means to stay in their homes, older adults or persons with disabilities are often forced to relocate due to accessibility concerns. For these reasons, the Authority works to help municipalities maintain affordability, improve accessibility, and preserve the quality of the State's single-family housing stock.

In FY2024 IHDA utilized funds from the Illinois Affordable Housing Trust Fund to offer three programs that help existing homeowners make costly improvements and repairs. Together these programs awarded \$3.1 million in funding to municipalities and non-profit agencies in 26 counties to help 144 families, seniors, and persons with disabilities remain comfortable and safe in their homes.

Community Revitalization

IHDA is committed to building the capacity of smaller and rural cities to plan for their future, and as a part of this commitment provides grant programs, free planning services, and technical assistance programs designed to empower Illinois communities to meet their housing needs.

The Authority administered two community revitalization programs in FY2024 that provided \$4.1 million to local jurisdictions for the purpose of acquiring 491 vacant or abandoned properties and returning them to productive and taxable use, either as affordable housing or other means. In cases where the properties are beyond repair and negatively impacting neighboring residences, the programs also provide funds for demolition.

Capacity Building and Coordination Efforts

Proactive planning is essential for creating or preserving affordable housing that meets the specific needs and preferences of a community, and the Authority continued to form partnerships and build the capacity of the affordable housing community in FY2024.

In addition to publishing Authority-made site selection and market analysis tools, IHDA provides direct technical assistance to communities looking to identify and address their own local housing needs via its Community Revitalization Technical Assistance Network. As of the end of FY2024, IHDA had completed and published 17 community revitalization plans in partnership with municipalities in central and downstate Illinois, each one tailored to address specific goals related to employment, community amenities, affordable housing, and more.

IHDA also continued to support several capacity-building efforts designed to support affordable housing industry in Illinois. The Next Gen program, launched in late FY2024, is a new effort that provides capital, training, and technical assistance to emerging developers who have historically faced institutional barriers to participating in the Low-Income Housing Tax Credit Program. Participants will be eligible to apply for pre-development loans that support pre-construction, planning, and other early costs.

FY2024 was also the third year of the Supportive Housing Institute, a capacity-building program designed to increase the production of supportive housing for vulnerable populations. Intended for developers and service providers outside of the Chicago metro area, the Institute helps the state's supportive housing partners navigate the complex process of developing housing with supportive services. Notably, nine of the 16 teams that completed the first two years of the Institute have had their project financing approved by the IHDA board.

Other Information

Independent Audit

The Authority financial statements have been audited by CliftonLarsonAllen LLP, a firm of licensed Certified Public Accountants. The independent auditor concluded, based upon the audit, the Authority financial statements as of and for the fiscal year ending June 30, 2024, are fairly presented in conformity with GAAP. The independent auditors' report expresses an unmodified opinion and has been included in the Financial Statement section of this report.

Management's Discussion and Analysis

Management has provided a narrative overview and analysis of the financial activities of the Authority to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This transmittal letter is intended to complement the Authority's MD&A and should be read in conjunction with it. The Authority's MD&A can be found following the report of the independent auditor.

Financial Planning

The Authority has an investment policy that encompasses all funds related to the issuance of bonds, as well as all funds otherwise held by the Authority. The Authority seeks first and foremost to ensure the safety of principal, and secondly, sufficient liquidity and lastly to attain the highest possible return available given the risk constraints.

Awards and Designations

The Government Finance Officers Association of the United States and Canada (GFOA) awarded another Certificate of Achievement for Excellence in Financial Reporting to the Authority for its annual comprehensive financial report for the fiscal year ended June 30, 2023. This was the third year the Authority has received this prestigious award, bestowed for publishing an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for one year. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another Certificate of Achievement.

Acknowledgments

This report gives a reliable, complete picture of the Authority's financial operations for Fiscal Year 2024. It can be used as a basis for making informed management decisions.

The preparation of this report was accomplished through the efficient and dedicated effort of IHDA's Finance department along with valuable assistance and information provided by other staff members of the Authority. This report is also available online at www.ihda.org/financial-accountability-reports.

Sincerely,

Kristin Faust Executive Director

KRahl

INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino, Auditor General of the State of Illinois, and Board of Directors Illinois Housing Development Authority

Report on the Audit of the Financial Statements

Opinions

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Illinois Housing Development Authority (the Authority), a component unit of the State of Illinois, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Authority, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter. Honorable Frank J. Mautino, Auditor General of the State of Illinois, and Board of Directors Illinois Housing Development Authority

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Honorable Frank J. Mautino, Auditor General of the State of Illinois, and Board of Directors Illinois Housing Development Authority

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The supplementary information, such as the combining and individual nonmajor governmental funds, mortgage loan program fund, and single family program fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Clifton Lasson Alles LLP

CliftonLarsonAllen LLP Oak Brook, Illinois November 25, 2024

This Section of the Illinois Housing Development Authority's (the Authority) annual financial report presents management's discussion and analysis of the Authority's financial performance during the fiscal year ended June 30, 2024. Please read it in conjunction with the Authority's financial statements, which follow this section.

Financial Highlights

- The Authority's overall net position increased by \$84.8 million, to \$1,373.8 million as of June 30, 2024, from an increase in the Authority's governmental activities of \$27.6 million and an increase in business-type activities \$57.2 million.
- The Authority's gross debt issuances during the fiscal year ended June 30, 2024, totaled \$1,754.8 million. The Authority's debt outstanding (net of discounts and premiums) totaled \$4.2 billion as of June 30, 2024, which was \$1,431.0 million more than the amount outstanding as of June 30, 2023. More details on the Authority's gross debt issuances can be found in Note 8 Bonds and Notes Payable.
- Appropriation and intergovernmental agreement in governmental activities amounted to \$323 million for the programs and funding sources presented in the table below.

Programs	Funding Source	Appropriation (in Millio	
COVID-19 Affordable Housing Grant Program (CAHGP)	Department of Human Services	\$	140.0
Permanent Supportive Housing Development Program (PSH)	State and Local Fiscal Recovery Funds - US Dept of Treasury		40.0
IHDA Mortgage Opening Doors Program (Opening Doors)	State and Local Fiscal Recovery Funds - US Dept of Treasury		20.0
Court Based Eviction Prevention Program (CBRAP)	Illinois Department of Human Services		84.0
Chicago Based Eviction Prevention Program (Chicago CBRAP) (IGA)	City of Chicago		10.0
Homeowners Assistance Fund - Home Repair Program (HAF-HR)	Homeowner Assistance Fund Appropriation - US Dept of Treasury		29.0

• Program loan originations for fiscal year 2024 totaled \$17.0 million and \$189.3 million in the Authority's governmental and business-type activities, respectively, compared to fiscal year 2023 loan originations of \$19.3 million and \$93.4 million, respectively.

Overview of the Financial Statements

The financial statements consist of three parts – management's discussion and analysis (this section), the basic financial statements, and supplementary information. The basic financial statements include two types of statements that present different views of the Authority:

- The first two statements are government-wide financial statements that provide information about the Authority's overall financial position and operations. These statements, which are presented on the accrual basis, consist of the statement of net position and the statement of activities.
- The remaining statements are fund financial statements of the Authority's twenty governmental funds, for which activities are funded from State appropriation (grants), U.S. Department of Housing & Urban Development (HUD), and U.S. Treasury Programs, and for which the Authority follows the modified accrual basis of accounting, and four proprietary funds, which operate similar to business activities and for which the Authority follows the accrual basis of accounting.
- The basic financial statements include notes to the financial statements that explain some of the information in the government-wide and fund financial statements, and provide more detailed data.

The remainder of this overview section of the management's discussion and analysis explains the structure and contents of each of these statements. The prior year results referred to throughout this section for comparison purposes are as previously reported.

The government-wide statements report information about the Authority as a whole using accounting methods similar to those used by private sector companies. The statement of net position includes all of the Authority's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. Most of the Authority's activities are business-type and are reported in its proprietary funds. The fund financial statements provide more detailed information about the Authority's most significant funds but not the Authority as a whole.

The Authority manages two types of funds:

Governmental funds – The Authority is the administrator of twenty governmental funds, of which the revenues are appropriated annually to the Illinois Department of Human Services (IDHS) or received directly from HUD. These fund statements represent cash and other assets received and used by the government funds.

Proprietary funds – The Authority's primary activities are in its four enterprise funds for which activities are accounted in a manner similar to businesses operating in the private sector. Funding has primarily arisen through the issuances of both tax-exempt and taxable bonds, the proceeds of which are primarily used to provide various types of loans to finance low and moderate-income housing. The IHDA Dispositions LLC is primarily funded by rental income collected by the properties until such time as disposition occurs. The net position of these funds represents accumulated earnings since their inception and is generally restricted for program purposes.

Financial Analysis of the Authority as a Whole

Net Position

The combined net position of the Authority increased by \$84.8 million, or 6.6%, from July 1, 2023, through June 30, 2024. The following table shows a summary of changes from prior year amounts:

Net position may serve over time as a useful indicator of a government's financial position. The Authority's assets and deferred outflows exceeded its liabilities and deferred inflows by \$1,373.8 million, at the close of June 30, 2024.

Governmental Activities

Net position of governmental activities increased by \$27.6 million or 6% from the previous year due to an increase in net programs loans receivable of \$44.6 million primarily in the Illinois Affordable Housing Trust Fund of \$32.9 million due to higher loan closings, a decrease in other current liabilities of \$262.7 million and a decrease in Current Due to State of Illinois of (\$8.0) million offset by a decrease in total cash and investments of (\$271.7) million. Grants and administrative expenses were the primary drivers for the decrease in other current liabilities in COVID-19 Emergency Rental Assistance Fund \$(97.7) million, COVID-19 Homeowner Assistance Fund \$(128.1) million and COVID-19 State and Local Fiscal Recovery Fund \$(34.5) million. Consequently, reducing cash and investments for these programs.

The net position of the Illinois Affordable Housing Trust Fund is recorded as Due to the State of Illinois as the Authority acts only as the administrator of the Housing Program and considers its interest in the net position to be that of the State of Illinois. Revenues of the Rental Housing Support Program Fund, COVID-19 Emergency Rental Assistance Fund, COVID-19 Homeowner Assistance Fund and COVID-19 State and Local Fiscal Recovery Fund are disbursed as grant or administrative expenses, and therefore have no fund balances.

Business-Type Activities

Net position of business type activities increased by \$57.2 million or 6.9% from the previous year as a result of increased total cash and investments of \$1,373.3 million and higher net program loans receivable of \$110.9 million due to loan originations exceeding loan repayments offset by increased bonds and notes payable of \$1,431 million due to higher bond issuances. The bond proceeds net of related issuance costs resulted in higher cash and investments.

Statement of Activities

The statement of activities shows the sources and uses of the Authority's changes in net position as they arise through its various programs and functions.

A summary of changes in net position for the fiscal year ended June 30, 2024, is shown in the following table.

					Changes	in Net P	osit	ion

Governmental Activities

Revenues of the Authority's governmental activities decreased by \$(14.1) million. The most significant factor contributing to the decrease was lower grants from State of Illinois for Illinois Affordable Housing Trust Fund and Build Illinois Bond Program Fund in the amount of \$9.3 million and \$16.9 million, respectively offset by higher grants for Rental Housing Support Program Fund of \$6.9 million. Administrative expenses decreased by \$(3.3)million primarily due to COVID-19 Homeowner Assistance Fund program close out in December 2024.

Business-Type Activities

Revenues of the Authority's business-type activities increased by \$138.4 million due to higher investment income in the amount of \$141.8 million as a result of higher investments and related earning in the Single Family Program Fund of \$134.1 million and net receipts from hedge contract settlements of approximately \$8.0 million in Administrative Fund offset by an increase of \$76.0 million in direct expenses as a result of higher interest expense of \$61.0 million primarily in the Single Family Program Fund of \$58.0 million driven by bond issuances, higher financing cost of \$5.7 million, and an increase of professional service fee of \$1.1 million. Capital contributions consist of \$7.7 million due to IHDA Dispositions LLC. Refer to Note 2M IHDA Dispositions LLC Real Estate Held for Sale.

Proprietary Fund Result

The net position of the Authority's proprietary funds increased by \$57.2 million to \$886.0 million from June 30, 2023 to June 30, 2024. The following table summarizes the revenues, expenses, and changes in fund net position of the Authority's proprietary funds:

The net position of the Administrative Fund increased by \$21.1 million compared to prior year increase of \$20.3 million. Operating income was \$14.3 million, a decrease of \$(9.5) million compared to prior year operating income of \$23.8 million, and net transfers out were \$(3.7) million, compared to \$(0.3) million in the prior year due to funding of costs of issuance for five Revenue Bonds for Single Family Programs which came out of the Administrative Fund. The decrease in fiscal year 2024 operating income was primarily due to higher program grants of \$10.8 million.

The net position of the Mortgage Loan Program Fund increased by \$22.5 million, compared to the prior year's increase of \$21.4 million. Operating income was \$21.7 million, a decrease of \$(0.2) million from prior year, mainly due to an increase in interest earned on program loans of \$2.3 million, an increase in interest and other income of \$3.5 million, other income of \$0.7 million, offset by higher interest expense of \$2.1 million and provision for estimated losses of \$5.2 million.

The net position of the Single Family Program Fund increased by \$5.9 million, compared to the prior year's decrease of \$(59.4) million. Operating income was \$16.3 million, an increase of \$9.1 million from prior year, primarily due to an increase in investments and higher short-term interest rates resulting in higher earnings \$69.4 million, with a decrease in program grants of \$(5.2) million offset by higher interest expense of \$58.0 million and an increase in financing cost of \$6.0 million as a result of new bond issuances.

Non-operating Revenues and Expenses

Total fiscal year 2024 non-operating revenues and expenses increased by \$67.9 million to \$(2.8) million compared to fiscal year 2023 of \$(70.7) million. The increase was primarily due to \$59.2 million improvement in fair value of investments and \$8.7 million higher gain on investment sale.

Authority Debt

The Authority's debt increased by \$1,431.0 million due to debt issuances and debt retirements during fiscal year 2024 are as follows (in millions):

	Debt Issuances		<u>Debt Retirements</u>
Administrative Fund	\$ 5,254.5	\$	5,232.8
Single Family Program Fund	1,678.4		341.8
Premium on Revenue Bonds	21.0		_
Discount on Revenue Bonds	—		7.0
Mortgage Loan Program Fund	 76.4	_	17.7
Total	\$ 7,030.3	\$	5,599.3

For additional information, see Note 8 – Bonds and Notes Payable in the Notes to the Financial Statements.

As of June 30, 2024, the Authority's Issuer Credit Ratings were Aa3 (Stable) by Moody's Investors Service, AA (Stable) by Standard and Poor's (S&P) and AA (Stable) by Fitch Ratings. The rating on all General Obligation ("GO") debt was upgraded by Moody's from A1 to Aa3 in October 2023.

Economic Factors and Outlook

During the majority of fiscal year 2024, tax-exempt bond rates were favorable for new issuance, which provided the Authority an opportunity to issue tax-exempt fixed/variable rate long-term bonds in the amount of \$794.2 million, and taxable fixed/variable rate long-term bonds in the amount of \$884.2 million in the Single Family Program excluding premium. The Authority correspondingly issued tax-exempt fixed rate/variable rate long-term bonds in support of its Multifamily Program in the amount of \$69.8 million and taxable fixed/variable rate long-term bonds in the amount of \$69.8 million and taxable fixed/variable rate long-term bonds in the amount of \$69.8 million and taxable fixed/variable rate long-term bonds in the amount of \$60.6 million in the Multifamily Program.

During fiscal year 2024, the Authority also financed a portion of its activity relating to homeownership in the State of Illinois through the sale of mortgage-backed securities to the secondary market. The Authority uses forward commitments to lock in the price of securities related to secondary market sales.

As the Authority moves into fiscal year 2025 and into the future, the Authority will continue to explore new methods to expand its Single Family and Multi-Family lending activities that are consistent with the State's housing needs. The Authority will collaboratively work with other housing entities and stakeholders to provide effective and efficient housing solutions. The Authority will continue to explore solutions to prevent foreclosures by providing assistance to eligible homeowners who have and may still be experiencing significant financial hardship.

At this time, the Authority is not aware of any other facts, decisions, or conditions that are expected to have a significant effect on financial position or results of operations.

Capital Asset Activity

The Authority had no significant capital asset activity in fiscal year 2024. More details on capital asset activity can be found in Note 7 – Capital Assets in the Notes to the Financial Statements.

Contacting the Authority's Financial Management

This financial report is designed to provide the citizens of Illinois, our constituents, and investors with a general overview of the Authority's finances and to demonstrate the Authority's financial accountability over its resources. If you have questions about this report or need additional financial information, contact the Controller at the Illinois Housing Development Authority, 111 E. Wacker Drive, Suite 1000, Chicago, IL 60601, or visit our web site at: www.ihda.org.

NOTE 1 AUTHORIZING LEGISLATION

The Illinois Housing Development Authority (the Authority) is a body politic and corporate of the State of Illinois (the State) created by the Illinois Housing Development Act, as amended (the Act), for the purposes of assisting in the financing of decent, safe, and sanitary housing for persons and families of low and moderate income in the State and assisting in the financing of residential mortgages in the State. To accomplish its purposes, the Authority is authorized by the Act to make mortgage or other loans to nonprofit corporations and limited profit entities for the acquisition, construction, or rehabilitation of dwelling accommodations and to acquire, and to contract and enter into advance commitments to acquire, residential mortgage loans from lending institutions. The Act also authorizes the Authority to issue its bonds and notes to fulfill corporate purposes, including the financing of mortgage and construction loans, the acquisition of residential mortgage loans, and the making of loans for housing related commercial facilities. The Authority has issued various bonds and notes to finance mortgage loans and construction loans, to purchase residential mortgage loans from lending institutions, and to make loans to private lending institutions for making new residential mortgage loans.

The bonds and notes outstanding as of June 30, 2024, as shown on the Authority's financial statements consist of both general and special limited obligations of the Authority (see note 8). The full faith and credit of the Authority are pledged for payment of general obligation bonds and notes. The Authority has the power under the Act (20 ILCS 3805/22) to have up to \$7.2 billion of general and special limited obligation bonds and notes outstanding, excluding those issued to refund outstanding bonds and notes. Effective July 1, 2024 the Authority increased this amount to \$11.5 billion. See reference footnote 8 E - Other Financings that impact the Authority debt authorization. At June 30, 2024, amounts outstanding against this limitation were approximately \$6.3 billion.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

As defined by U.S. generally accepted accounting principles established by the Governmental Accounting Standards Board (GASB), the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

- a. Appointment of a voting majority of the component unit's board, and either a) the ability of the primary government to impose its will, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- b. Fiscal dependency on the primary government.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

For financial reporting purposes, the Authority is a component unit of the State of Illinois. The Authority has one component unit, the IHDA Dispositions LLC (the LLC) which includes four real estate properties held for sale ("Perry Portfolio") - see Note 2 M for further details. Separate financial statements are not prepared for the LLC.

The LLC was organized on September 25, 2012 as a member-managed limited liability company under the Illinois Limited Liability Company Act. The LLC was organized by, and is a component unit of the Authority, a body politic and corporate of the State of Illinois. The sole member of the LLC is the Authority. To the extent provided by the Illinois Limited Liability Company Act, the Authority's liability is limited. The LLC maintains, improves and disposes of multi-family properties, acquired through foreclosure or deed-in-lieu of foreclosure, that are owned by single asset entity LLC's of which the LLC will be the sole member. Since the LLC qualifies as a disregarded entity-single member LLC, income from the LLC would pass through to the 100% owner, the Authority.

With the creation of the LLC, a separate legal entity of the Authority, the criteria for reporting component unit was considered. Under Generally Accepted Accounting Principles, (GAAP), a component unit can be reported as a discretely presented or blended component unit of the primary government. In considering the criteria of both presentations, the Authority found the LLC to be a component unit of the Authority that should be reported as a blended component unit based on the following criteria defined as:

- (a) The Authority and the LLC share a common governing body. GAAP requires the boards be "substantively the same", and there is sufficient representation whereas the voting majority of the component unit's board also functions as a voting majority primary government's board.
- (b) There is an exclusive or almost exclusive benefit or burden to the Authority, as the LLC (1) provides service entirely or almost entirely to the primary government; or (2) otherwise exclusively or almost exclusively benefits or burdens the primary government even though it does not provide services directly to the primary government.

B. Basis of Presentation

Government-Wide Statements – The government-wide statement of net position and statement of activities reports the overall financial activity of the Authority. Eliminations have been made to help minimize the double-counting of internal activities of the Authority. These statements distinguish between the governmental and business-type activities of the Authority. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

The statement of activities presents information showing how the Authority's net position has changed during the recent fiscal year. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (a) charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements – The fund financial statements provide information about the Authority's funds. Separate statements for each fund category, governmental and proprietary, are presented. The emphasis on fund financial statements is on major and nonmajor governmental and proprietary (enterprise) funds, each displayed in a separate column.

As a quasi-governmental agency, the annual operating budget of the Authority is approved by the Board of Directors. Therefore, the Authority is not required to formally adopt budgets for each fund.

The Authority reports the following major governmental funds:

Illinois Affordable Housing Trust Fund

The Authority is designated administrator of the Illinois Affordable Housing Program (the Housing Program). The program is funded by the Illinois Affordable Housing Trust Fund with funds generated from a portion of the State real estate transfer tax collected by the Illinois Department of Human Services and held within the State Treasury. The funds are appropriated annually to the Illinois Department of Human Services by the General Assembly. In accordance with State statute, the Authority makes grants and low or no interest mortgages or other loans, some with deferred repayment terms, to acquire, construct, rehabilitate, develop, operate, insure, and retain affordable Single Family and Multi-Family housing for low and very low-income households.

As the administrator of the Housing Program, the Authority considers the interest in equity of the Housing Program to be that of the State of Illinois and the Authority records a liability to the State of Illinois for their equity share. Additionally, the Authority records amounts received to administer the Housing Program as grant revenue.

HOME Program Fund

The Authority is the designated program administrator and the Participating Jurisdiction for the federally funded HOME Investment Partnerships Program (the HOME Program) for the State of Illinois. HOME funds are utilized for a variety of housing activities, according to local housing needs. Eligible uses of funds include tenant-based rental assistance, housing rehabilitation; assistance to homebuyers; and new construction of housing. HOME funding may also be used for site acquisition, site improvements, demolition, relocation, and other necessary and reasonable activities related to the development of non-luxury housing.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

Rental Housing Support Program Fund

The Authority is the designated administrator of the Rental Housing Support Program (RHSP). The program is funded by a surcharge for the recording of any real estate-related document. The funds are appropriated to the Illinois Department of Human Services by the General Assembly. The Authority awards funds to local administering agencies, which will contract with local landlords to make rental units affordable to households who earn less than 30% of the area median income.

Build Illinois Bond Program Fund

The Authority is the designated program administrator for the Build Illinois Bonds Program (BIBP). BIBP funds are utilized for a variety of housing activities, loans, and investments for low-income families, low-income senior citizens, low-income persons with disabilities and atrisk displaced veterans.

COVID-19 Emergency Rental Assistance Program Fund

The Authority administered the Emergency Rental Assistance (ERA) programs from funds received by the State, with funds received from the Treasury's Emergency Rental Assistance Program, during fiscal year 2024. Eligible uses of funds include assisting households that were unable to pay rent and utilities due to the COVID-19 pandemic.

COVID-19 Homeowner Assistance Fund

The Authority administered the Homeowner Assistance Fund (HAF) Program with funds received by the State from the U.S. Treasury's HAF Program. Eligible uses of funds include assistance with mortgage payments, homeowner's insurance, utility payments, and other specified purposes for homeowners facing financial hardships due to the COVID-19 pandemic.

COVID-19 State and Local Fiscal Recovery Fund

The Authority administered the COVID-19 Affordable Housing Grant Program (CAHGP), Opening Doors Program (ODP), and Cook County Mortgage Foreclosure Mediation Program (CCMFMP) from funds received by the State and County of Cook from the Treasury's State and Local Fiscal Recovery Fund Program, during fiscal year 2024. Eligible uses of the funds, for CAHGP and ODP, include providing grants, forgivable loans, administrative expenses associated with affordable housing development and down payment and/or closing cost assistance associated with purchasing a home. Eligible uses of funds, for CCMFMP, include housing counseling and foreclosure mediation services for residents in Cook County.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

The Authority reports the following major proprietary funds:

Administrative Fund

Development and financing fee income related to Multi-Family mortgage loans, income from service fees, and operating expenses of the Authority are accounted for in the Administrative Fund.

In addition, the Administrative Fund has provided for supplemental financing of certain developments through residual income loans and below market financing for various developments through the Authority's Housing Partnership Program (see Note 5), and its lending program in conjunction with a debt service savings sharing agreement (the FAF Savings Program) with the U.S. Department of Housing and Urban Development (HUD) (see Note 14). The Administrative Fund also includes Section 8 New Construction and Section 8 Mod Rehab.

Mortgage Loan Program Fund

The Mortgage Loan Program Fund accounts for the financing of low- and moderate-income housing developments from the proceeds of Housing Bonds, Multi-Family Initiative Bonds, Multi-Family Revenue Bonds, and Affordable Housing Program Trust Fund Bonds, and for the retirement of such obligations.

The Authority holds first mortgage liens on such developments. Affordable Housing Program Trust Fund Bond accounts include a transfer of funds from the Illinois Affordable Housing Trust Fund.

Single Family Program Fund

The Single Family Program Fund accounts for the proceeds of Homeowner Mortgage Revenue Bonds, Housing Revenue Bonds, and Revenue Bonds, issued to provide funds for the purchase from lending institutions of mortgage loans on owner-occupied, one-to-fourunit dwellings acquired by eligible buyers. In most instances, it has been the Authority's practice to pool loans into mortgage-backed securities and either sell them in the secondary market or retain and pledge them as collateral for bonds. Unearned revenue includes fees earned from the buy down of homeowner mortgage interest rates to below market levels and amortized over the forgivable loan period of the down payment assistance provided. The use of tax-exempt financing to provide eligible borrowers with affordable rate mortgage loans involves federal restrictions on expenses chargeable to the program. Unless described otherwise in the indenture, any expenses incurred in the program more than such maximum amounts are absorbed by the Administrative Fund.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues and expenses resulting from exchange and exchange-like transactions are recognized when the exchange takes place, regardless of when the related cash flow takes place. Nonexchange transactions, in which the Authority receives value without directly giving equal value in exchange, include federal and state grant revenue. Revenue from these sources is recognized in the fiscal year in which all eligibility requirements have been met.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal year.

Separate fund financial statements are provided for governmental and proprietary funds. Major governmental and proprietary funds are reported as separate columns in the fund financial statements.

The accounting policies and financial reporting practices of the Authority conform to GAAP, as promulgated in the pronouncements of the Governmental Accounting Standards Board (GASB).

D. Fund Balances

In the fund financial statements, governmental funds report fund balances in the following categories:

Nonspendable – This consists of amounts that cannot be spent because they are either a) not in spendable form, or b) legally or contractually required to be maintained intact.

Restricted – This consists of amounts that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or b) imposed by law through constitutional provisions or enabling legislation.

Committed – This consists of amounts constrained by limitations that the Authority imposes upon itself through resolution by its board of directors. The commitment amount will be binding unless removed or amended in the same manner.

Assigned – This consists of net amounts that are constrained by the Authority's intent to be used for specific purposes, but that are neither restricted nor committed.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Fund Balances (Continued)

Unassigned – This consists of residual deficit fund balances.

In instances where restricted, committed, and assigned fund balances are available for use, the Authority's policy is to use restricted resources first, followed by committed resources, then assigned resources, as needed. Currently, all of the Authority's governmental funds fund balances are restricted.

E. Net Position

In the government-wide and proprietary fund financial statements, net position is displayed in the following components:

Net Investment in Capital Assets – This consists of capital assets, net of accumulated depreciation/amortization and related debt, lease liabilities, and subscription liabilities.

Restricted – This consists of net position that is legally restricted by outside parties or by law through constitutional provisions or enabling legislation.

All net position of the governmental activities column of the government-wide financial statements is restricted with respect to the use of cash, investments and loan amounts that are to be repaid to the Authority. (See note 5 for schedules of aging for the loans made under these programs).

The use of assets of each of the proprietary fund program funds is restricted by the related bond and note resolutions of the Authority. Certain amounts in the above program funds are considered subject to the restriction that they be applied to the financing of housing for the respective program purposes or to the retirement of obligations issued for such purposes; these amounts may include certain investment earnings attributable to the respective fund net position. When both restricted and unrestricted resources are available for use, generally it is the Authority's policy to use restricted resources first, then unrestricted resources when they are needed.

Unrestricted – This consists of net position that does not meet the criteria of the two preceding categories.

Designations of net position represent tentative plans by the Authority for financial resource utilization in a future period as documented in the minutes or budgeting process for a succeeding year. Such plans are subject to change from original authorizations and may never result in expenses.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Net Position

A portion of the Authority's Administrative Fund unrestricted net position, as of the most recent fiscal year-end, is designated as follows, in thousands:

Homeownership Mortgage Loan Program Provide funds to support Single Family Homeownership in the State of Illinois through second lien position loans and/or grants	\$ 65,000
Multifamily Mortgage Loan Program To pay possible losses arising in the Multifamily Program attributable, but not limited to, delinquencies or defaults on uninsured or unsubsidized loans	20,000
Homeownership Mortgage Loan Program To pay possible losses arising in the Homeownership Program attributable, but not limited to, delinquencies or defaults on uninsured or unsubsidized loans	5,000
Homeownership Mortgage Loan Program Provide funds to purchase homeownership mortgage loans and/or mortgage-backed securities under the Program which may eventually be purchased with proceeds from future issuances of Authority debt or sold in the secondary market	130,000
Multifamily Mortgage Loan Program	35,000
Provide funds to finance Multifamily loans originated under the Program	
Provide funds for the Authority's planned technology enhancements	 15,000
	\$ 270,000

The designations of the Administrative Fund unrestricted net position may be amended or rescinded by the board members of the Authority.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to use estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, and expenditures during the reporting period. Actual results could differ from the estimates.

G. Deferred Outflows/Inflows of Resources

A deferred inflow of resources is defined as an acquisition of net assets by the government that is applicable to a future reporting period and a deferred outflow of resources is defined as a consumption of net assets by the government that is applicable to a future reporting period. A deferred inflow of resources has a negative impact on net position like liabilities but is required to be reported within the statement of net position in a separate section following liabilities. A deferred outflow of resources has a positive effect on net position like assets but is required to be reported in the statement of net position in a separate section following assets.

Deferred outflows/inflows of resources include:

- i. Unamortized losses/gains on bond refunding, which are deferred and amortized over the shorter of the remaining life of the old debt or the life of the new debt.
- ii. Amounts reported as accumulated decrease/increase in fair value of hedging derivatives, which represent the anticipated future utilization of the net position of interest rate swap agreements deemed to be effective hedging derivatives.
- iii. Buying down mortgage rates and related amortization.

H. Risks and Uncertainties

The Authority invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could materially affect the amounts reported in the financial statements.

The allowances for estimated losses on loans are reported based on certain assumptions pertaining to the Authority's periodic review and evaluation of the loan portfolio, which is subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

I. Cash and Cash Equivalents

For purposes of the statement of cash flows, the Authority considers all cash, certificates of deposit, time deposits, and short-term repurchase agreements with original maturity dates of three months or less from date of purchase to be cash equivalents.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Investments

Investments of the Authority are reported at fair value. Fair value is determined by reference to public market prices and quotations from a securities pricing service.

The Authority records investment transactions based on trade date.

The investment of funds is restricted by various bond and note resolutions of the Authority and the Act, generally, to direct obligations of the United States government; specific bank obligations, certain of which are fully secured as required by the bond and note resolutions; and obligations of other governmental entities that meet defined standards. The type of collateral instruments that secure the demand repurchase agreements held by the Authority are subject to the same restrictions described above. Generally, collateral instruments are held by third-party institutions.

K. Program Loans Receivable

Program loans receivable include mortgage loans receivable, advances receivable, and residual income loans receivable. Mortgage loans receivable include certain amounts of interest and fees that have been charged by the Authority and added to the loan balance. The due dates for advances and residual income loans receivable are dependent upon future events as specified in the related loan or advance agreements.

L. Capital Assets

Capital assets in the Administrative Fund consist of investments in furniture, fixtures, leased space and equipment; computer hardware; computer software; and right to use building, and right to use subscriptions, and are defined by the Authority as assets with an initial, individual historical cost of \$5 thousand or more, except for computers, camera, and video equipment, which are capitalized at any cost. Depreciation and amortization are recorded on a straight-line basis over a period of three to five years, depending upon the nature of the asset. Right to use assets are amortized over the term of the lease or subscriptions.

The Authority records depreciation against Lakeshore Plaza on a straight-line basis over forty years. At June 30, 2024, the net carrying value was \$10.6 million which is net of accumulated depreciation of \$29.4 million. Depreciation expense for fiscal year 2024 was \$1.2 million. Although the Authority does not regularly own and operate properties as part of its normal business operations, for the benefit of furthering its affordable housing mission, it is within its scope to do so. Since its acquisition Lakeshore Plaza has continued to be owned and operated by the Authority as part of its business operations and therefore is reported as a capital asset of the Mortgage Loan Program Fund. This property is collateral for Housing Bond 2008B. The Authority will continue to evaluate the operation of Lakeshore Plaza and its impact on operations accordingly.

M. IHDA Dispositions LLC Real Estate Held for Sale

These LLC properties ("Perry Portfolio") were subject to one or more land use restriction agreements (LURA) that restrict occupancy to households that are low income, very low income or extremely low income. However, by taking these properties via deed in lieu, the LURAs have been terminated, but certain restrictions continue to be effective for 3 years from the date of disposition. The LLC properties are shown in thousands, except units.

N. Real Estate Held for Sale

Real estate held for sale arises from foreclosures or other mortgage default related actions on properties pledged as collateral on Administrative \$75,000, Mortgage Loan \$72,924, Single Family \$183,261, and IHDA Dispositions LLC (REO) \$7,576,000 - see property break-out noted above for further details. See Note 6 for analysis of real estate for sale, net of allowance for estimated losses. Real estate held for sale is recorded at the unpaid principal balance plus accrued interest on the loans as of the date the loans become real estate owned, plus subsequent expenses incurred less any insurance or other loan related payments received. Since several loans covered by pool insurance have reached maximum reimbursements allowable for loss claims and other loans in the portfolio are uninsured, it is anticipated that proceeds arising from the sale of such property and certain insurance proceeds may not fully cover any losses experienced.

Therefore, the Authority has established a provision for estimated losses on real estate held for sale based on a periodic review of such conditions which considers factors such as interest costs, holding costs, sales proceeds, mortgage insurance, and pool insurance recoveries to estimate losses.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Bond Premium/Discount, Issuance Costs and Gain/Loss on Refunding

Premium/discount on bonds is netted with bonds payable and amortized using a method approximating the effective interest method over the life of the bonds. Debt issuance costs are recorded as an expense in the period incurred. Unamortized gains and losses on refunding are reported as deferred inflows and outflows of resources, respectively, and are amortized over the shorter of the life of the old or new debt as a component of interest expense.

P. Operations

Proprietary funds loan origination fee, development fee, and financing fee income are recognized as revenue in the period received. Fees earned on loans, which the Authority does not directly originate, such as loans financed through other financings (see Note 8E), are recognized as revenue in the Administrative Fund generally at the time of initial closing.

Proprietary funds annual service fees charged by the Authority to loan recipients, which are deposited in the respective program funds or added to program loans receivable, are recognized as revenue in the Administrative Fund through interfund transfers.

Proprietary funds operating revenues and expenses are activities classified as core business activities of the fund. Proprietary funds operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund including interest income, service fees, development fees, interest, and other investment income. Proprietary funds operating expenses include grant program expenses, general and administrative expenses of the Authority; salaries and benefits; costs and expenses incurred in connection with the amortization, issuance, and sale of certain bonds and notes; fees and expenses of trustees and depository and paying agents; and costs related to analyses, surveys, appraisals, and other matters pertaining to maintenance and evaluation of program loans receivable. Operating costs and expenses are recognized as incurred.

Proprietary funds nonoperating revenues and expenses include the reporting of Section 8 Moderate Rehabilitation, and Section 8 New Construction. Also included in this section are activities not classified as core business activities to the Proprietary Fund.

A portion of the Authority's operating expenses of administering the Illinois Affordable Housing Trust Fund, HOME Program, Rental Housing Support Program, Build Illinois Bond Fund, COVID-19 Coronavirus Relief Fund, COVID-19 Emergency Rental Assistance Program Fund, and Nonmajor Governmental Funds are recorded within these governmental funds. Similarly, other related special assistance programs and resolutions of various bond programs allow for these program accounts to record a certain level of operating expenses. Expenses in excess of the allowable ceilings set forth in the resolutions are charged to the Administrative Fund.

Expenses are shown in the statement of activities by identifiable programs.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Compensated Absences

The Authority grants vacation and sick leave to all employees and accrues for unused compensated absences. Vacations are allotted on a calendar year basis and are intended to be taken during that year. Unused sick leave allowance is carried forward and accumulated. In the event of termination, employees are paid for all earned but unused vacation time, and of unused accumulated sick leave earned, to a maximum of 30 days at one-half of hourly pay rate. The Authority has no other post-employment benefits (OPEB). The following is the activity for the compensated absences recorded as accrued liabilities and other and liquidated from the Administrative Fund, in thousands.

Balance			Balance	Due Within
June 30, 2023	Additions	Retirements	June 30, 2024	 One Year
\$ 1,608	\$ 2,657	\$ (2,650)	\$ 1,615	\$ 1,615

R. Provision for Estimated Losses on Program Loans

The Authority provides for estimated losses on program loans in its proprietary and governmental funds based upon the periodic review and evaluation of the Multi-Family and developer loan portfolios and provides additional amounts, if it deems necessary, for estimated losses for individual loans in the funds. In making such a review and evaluation, the Authority considers current economic conditions, occupancy and rental level projections, financial statement analyses, on-site inspections, independent appraisals of certain developments, insurance coverage, and such other factors as it deems necessary. The estimated losses of the Single Family loan portfolio are based upon a periodic review and evaluation of the whole loan portfolio, including real estate owned properties and considers such factors as delinquencies, interest costs, holding costs, sales proceeds, mortgage insurance, and pool insurance recoveries for estimating losses. Although management uses the best available information to assess the adequacy of its provisions, adjustments may be required if the actual experience differs from the factors used in making those assessments.

S. Income Taxes

The Authority is a component unit of the State of Illinois and is generally exempt from federal, state, and local income taxes.

NOTE 3 CASH AND INVESTMENTS

The Authority's Financial Management Policy (the Policy) contains the following stated objectives:

- Safety of principal Preservation and safety of principal is the foremost objective of the Authority's investments. Each investment transaction shall seek to ensure that capital losses within the investment portfolio are avoided, whether they are from securities defaults or erosion of fair value.
- Liquidity The investments portfolio shall remain sufficiently flexible to enable the Authority to meet all operating requirements that may be reasonably anticipated in any fund. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demand.
- Maximum rate of return The investment portfolio shall be designed with the purpose of regularly exceeding the average return of U.S. Treasury obligations of comparable maturities. The investment program shall seek to augment returns above this threshold, consistent with risk limitations identified herein and prudent investment principles.

A. Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will decrease as a result of an increase in interest rates. The Authority's policy does not limit the maturity of investments as a means of managing its exposure to fair value losses arising from an increasing rate environment.

As of June 30, 2024, the Authority had cash and cash equivalents totaling \$952 million which consists of cash of \$124 million and cash equivalents of \$827 million.

				Inv	estment Mat	uritie	es (in Days)

B. Credit Risk

Credit risk is the risk the Authority will not recover its investments due to the inability of the counterparty to fulfill its obligation. Statutes of the State and resolutions of the Authority authorize the Authority to invest in obligations of the U.S. Government, agencies, and instrumentalities of the U.S. Government, demand repurchase agreements, and other banking arrangements. The Authority may also invest its funds in such investments as may be lawful for fiduciaries in the State. All funds are held outside of the State Treasury in various banks and financial institutions.

The Authority's investments in U.S. Government and Agency Obligations are rated Aaa by Moody's and/or AA+ by Standard & Poor's.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

C. Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Authority will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the Authority will not be able to recover the value of investment or collateral securities that are in the possession of an outside party.

The Authority's cash carrying value balance totaled \$124.4 million at June 30, 2024. The June 30, 2024, cash bank balance for the Authority totaled \$125.3 million. Also, \$4.0 million was not covered by federal depository insurance or by collateral held by an agent in the Authority's name. The amount is further addressed in Note 15 – Subsequent Events. Additionally, the Authority's cash equivalents at June 30, 2024, consisted of sweep accounts, held in the Authority's name, with the funds in these accounts invested in money market funds that invest in U.S. Treasury securities, or were held in accounts that were either Federal Deposit Insurance Corporation FDIC insured or collateralized with U.S. government obligations. The Authority's investments at June 30, 2024, were held in the Authority's name in separate Authority custodial accounts. Collateral is pledged in the Authority's name and consists of U.S. Treasury obligations.

D. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in any one single issuer. The Authority's policy does not limit the amounts the Authority may invest in any one issuer. The Authority is considered to have a concentration of credit risk if its investments in any one single issuer (other than securities explicitly guaranteed by the U.S. government) are greater than 5% of total investments.

Investments which comprise more than 5% of the Authority's investments as of June 30, 2024, are as follows, in thousands:

Investment	ļ	Fair Value
Federal Home Loan	\$	787,136
Federal National Mortgage Association		1,309,893
Governmental National Mortgage Association		1,640,078

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

E. Forward Commitments

The Authority sells forward commitments to deliver Government National Mortgage Association (GNMA) certificates, Fannie Mae (FNMA) and Freddie Mac (FHLMC) mortgagebacked securities (MBS). Commitments are sold as mortgage loan reservations, and are taken to hedge against market fluctuations prior to loan origination and securitization. The Authority is subject to fair value fluctuations in the event that mortgage loans are not originated as expected and the committed securities cannot be delivered. A net decrease in fair value of \$4.0 million on these forward commitments, classified as investment derivative instruments, has been recorded in investment income in the Administrative Fund for the year ended June 30, 2024. In addition, \$0.5 million of forward commitments is recorded on the statement of net position as other current assets at June 30, 2024.

The Authority is subject to credit risk with respect to counterparties for the forward commitment contracts, summarized below with their credit ratings as of June 30, 2024, in thousands:

Counterparty	Rating ⁽¹⁾	Number of Contracts	Par Amount
Bank of New York Mellon	AA-/A-1+ Stable; Aa1(cr)/P-1(cr) NEG	13	\$ 31,800

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

F. Fair Value Measurements

GASB Statement No. 72 explains that the government could determine the market price of an asset in one of three ways:

1) Actual market transactions for identical or similar items (market approach);

- 2) The current cost to replace the service capacity of an asset (cost approach); or
- 3) Discounting the current value of future cash flows (income approach).

It also establishes a three-tier hierarchy of input quality as follows:

- Level 1 inputs are quoted prices in active markets for identical items;
- Level 2 inputs are all inputs that are directly or indirectly observable, but not on Level 1; and
- *Level 3* inputs are all inputs that are unobservable.

The statement directs governments to maximize their use of observable inputs and to minimize the use of unobservable inputs.

Fair value is most frequently applied to investments which GASB Statement No. 72 defines as a security or other asset that: A government holds primarily for the purpose of income or profit and has a present service capacity based solely on its ability to generate cash or to be sold to generate cash.

The Authority categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The following is a description of the valuation methods and assumptions used by the Authority to estimate the fair value of its financial instruments. There have been no changes to the methods or assumptions used at June 30, 2024. The Authority management believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Agency securities classified in Level 2 of the fair value hierarchy are valued using prices quoted in active markets for similar securities.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

F. Fair Value Measurements (Continued)

Derivative instruments classified in Level 2 of the fair value hierarchy are valued using a market approach that considers benchmark interest rates and foreign exchange rates.

Investments and derivative instruments measured at fair value as of June 30, 2024, are as follows (in thousands):

Interfund balances are created when a fund supports the expenses/expenditures of other funds, including operating activities, bond issuances, and bond redemptions in accordance with authority established for individual funds. The interfund balances result from timing differences between the date a disbursement is made and the date when the reimbursement is received from other funds.

NOTE 4 INTERFUND BALANCES AND TRANSFERS (CONTINUED)

B. Transfers

The Authority records transfers between program funds for various purposes including fund closings, earnings transfers, program subsidies, and advances for the initial financing of the Authority's programs.

Transfers (in thousands) for the year ended June 30, 2024, consisted of the following:

	Proprietary Funds - Transfer Out	Proprietar Trans	y Funds - sfer In	Government Funds - Transfer In	
	Administrative Fund	Mortgage Loan Program Fund	Single Family Program Fund	Nonmajor Funds	Total
Proprietary Funds:					
Single Family Program Fund	3,687 (A) \$ 3,687	\$	(3,687) \$ (3,687)	(A) <u> </u>	

(A) Transfer totaling \$3,687 thousand from the Administrative Fund to Single Family Program Fund funded costs related to issuance of Revenue Bonds (\$713 thousand - RB2023H, \$635 thousand - RB2023K, \$153 thousand - RB2023N, \$1,136 thousand - RB2024A, and \$1,050 thousand - RB2024C).

NOTE 5 PROGRAM LOANS RECEIVABLE

Loans receivable in the Mortgage Loan Program Fund are secured by first mortgage liens on the related developments. Each development is subject to a regulatory agreement under which the Authority has certain powers relating to rents, profits, occupancy, management, and operations. Monies are required to be deposited in reserve accounts monthly by all mortgagors for real estate tax reserves and by substantially all mortgagors for insurance and replacement reserves. See note 9 regarding these reserves and other deposits held in escrow.

The ability of the mortgagors to make required payments on the mortgage loans receivable depends principally upon the related developments achieving and sustaining sufficient occupancy and rental levels to support such payments. With respect to most developments financed from proceeds of the Mortgage Loan Program Funds, the Authority, HUD, and the owners of the developments have entered into agreements whereby HUD will make, under its Section 8 Program, housing assistance payments for the developments. Such federal subsidies,

NOTE 5 PROGRAM LOANS RECEIVABLE (CONTINUED)

together with the rents to be paid by the tenants, are estimated by the Authority prior to its issuing an initial mortgage loan commitment, to provide sufficient funds to pay the costs of operation, maintenance, administration, mortgage payments, and Authority fees with respect to each of the developments.

For certain past delinquencies, the related developments have not been able to generate net rental income sufficient to pay scheduled debt service and reserve deposits in full. In the opinion of the Authority, these deficiencies of net rental income have arisen for various reasons including (i) the existence of physical defects in the development which have caused operational problems, (ii) higher than anticipated operating expenses of the development, and (iii) depressed rental market conditions in the development's local area.

In certain cases, cash deficiencies of developments, including certain developments as to which the related mortgage loans are not delinquent as to scheduled debt service payments or required reserve deposits, have been funded in part by advances from the owners of the respective developments. However, there generally can be no assurance that the owners will make additional advances for this purpose. For certain mortgage loans, the Authority holds reserve deposits and letters of credit that may be applied toward delinquencies.

At June 30, 2024, for loans financed under the Mortgage Loan Program Fund, one loan was in arrears in amounts equal to more than three months debt service payments or required deposits to tax and insurance and/or replacement reserves, totaling \$169.4 thousand and \$4.8 million, respectively.

The Authority has pursued actions available under the mortgage and regulatory agreements to cure certain delinquencies. With respect to some developments, the need for capital improvements, repairs, marketing campaigns and other expenditures may be indicated. Where necessary and appropriate, the Authority has committed and/or advanced residual income loans from the Administrative Fund or mortgage loan increases from the related program account to finance these expenditures. In certain instances, the Authority has initiated actions to effect necessary changes in the management of the developments. In addition, the Authority has, in some cases, filed suit against the applicable general contractors and/or bonding companies seeking corrections of the development's physical defects and has instituted foreclosure proceedings for certain developments.

The Authority's policy for converting mortgage loans, except for loans financed under the Single-Family Mortgage Loan Program, to non-accrual status is to discontinue the accrual of interest when a loan becomes 90 days past due. In addition, the Authority does not accrue interest income on loans in which payments are to be made from residual receipts of the development. Payments on such loans are recognized only as received. For loans receivable within the Single-Family Mortgage Loan Program, the Authority accrues interest income on all loans unless they become real estate owned properties, at which time the accrual is suspended.

The Authority does not accrue interest income on approximately \$3.6 million of mortgage loans recorded in the Administrative Fund. Payments made on such loans, which generally are

NOTE 5 PROGRAM LOANS RECEIVABLE (CONTINUED)

payable from residual receipts, if any, of the affected development funds, are recognized only as received. The annual amount of interest on these loans is approximately \$76.1 thousand.

In fiscal year 2016, the Authority entered into a new financing agreement with the Federal Financing Bank (FFB), an arm of the United States Department of Treasury, for selling beneficial ownership interests in mortgage loans originated by housing finance agencies and insured under the FHA-HFA Risk Sharing Program. The Authority sells beneficial ownership interest in its mortgages under this program to FFB. Beneficial ownership interest in mortgage loans that the Authority sells to the FFB will be evidenced by certificates of participation from the Authority. The monthly mortgage payments from the borrower will be used to repay the interest to the FFB and principal payments will reflect the scheduled mortgage principal payments. Through fiscal year 2024, the Authority sold beneficial ownership interests in loans for 17 affordable Multi-Family developments totaling \$116.1 million to the FFB.

As of June 30, 2024, the Authority has the following Risk Sharing Loans outstanding (in millions):

	Number of loans	Amount			
Housing Bonds	8	\$	28.4		
Multi-Family Initiative Bonds	1		14.2		
Administrative Fund	1		1.9		
Multi-Family Revenue Bonds	30		383.3		
*Others	25		155.5		
Total	65	\$	583.3		

*Not included in the Authority's financial statements as the Authority sold 10% to 90% participation interest in the loans to outside parties.

At June 30, 2024, for loans financed under the FHA-HFA Risk Sharing Program where the Authority sold 100% participation interests in the loans to outside parties, there were no amounts in arrears equal to more than two months debt service payments or required deposits to tax and insurance and/or replacement reserves.

At June 30, 2024, for loans financed under the Mortgage Participation Certificate Program, where the Authority has sold 100% participation interests in the loans to outside parties, there were no amounts in arrears equal to more than three months of debt service payments or required deposits to tax and insurance and/or replacement reserves. The loss reserve for loans financed under this program, totaling \$749.9 thousand as of June 30, 2024, is recorded in accrued liabilities (and other) in the Administrative Fund.

As of June 30, 2024, for mortgage loans insured with Ambac Assurance Corporation (Ambac) on Multi-Family housing developments under the Authority's Mortgage Participation Certificate

NOTE 5 PROGRAM LOANS RECEIVABLE (CONTINUED)

Program, the Authority has outstanding three Ambac loans totaling \$5.3 million. These loans are not included in the Authority's financial statements as the Authority sold 100% participation interests in the loans to outside parties. Ambac has guaranteed repayment of principal and interest due on a timely or accelerated basis in accordance with the agreement between the Authority and Ambac. The agreement allows (or provides) the Authority to share its risk with Ambac on the aggregate loan portfolio after the satisfaction of certain requirements and thresholds.

At June 30, 2024, for loans financed under Ambac Assurance Corporation (Ambac), one loan was in arrears an amount equal to more than three months debt service payments or required deposits to tax and insurance and/or replacement reserves, totaling \$64.8 thousand and \$2.8 million, respectively.

The following summarizes the changes in the allowance for estimated losses on program loans receivable during the year ended June 30, 2024 (in thousands):

	Allowance for estimated losses June 30, 2023		Provision for/ (reversal of) estimated losses		Write-offs of uncollectible losses, net of recoveries		e: los	owance for stimated sses June 60, 2024
Governmental Funds:								
Illinois Affordable Housing Trust Fund	\$	51,259	\$	4,141	\$	(259)	\$	55,141
HOME Program Fund		34,943		6,207		(48)		41,102
Build Illinois Bond Program		3,815		6		(379)		3,442
Nonmajor Governmental Funds		17,738		(9,648)		_		8,090
Total Governmental Funds	\$	107,755	\$	706	\$	(686)	\$	107,775
Proprietary Funds:								
Administrative Fund	\$	6,558	\$	(1,038)	\$	(33)	\$	5,487
Mortgage Loan Program Fund		3,450		5,253		_		8,703
Single Family Program Fund		1,365		103		_		1,468
Total Proprietary Funds	\$	11,373	\$	4,318	\$	(33)	\$	15,658

The provision for estimated losses for the Illinois Affordable Housing Trust Fund is recorded as a reduction to the amount due to the State of Illinois to reflect the State of Illinois net position interest in the program.

State statute (30 ILCS 205/2) requires that all uncollected receivables due that exceed \$1,000 be submitted to the Illinois Attorney General to be certified as uncollectible before the Authority can delete such receivables from its records. As of June 30, 2024, the Authority has 12 loan certifications outstanding, totaling \$672.0 thousand. Certification requests are anticipated to be filed as loss amounts are determined following the conclusion of foreclosure or other loss mitigation activities. The Authority has established provisions for estimated losses against such loans requested and to be requested for such certifications in amounts equal to the outstanding principal balances of the loans.

NOTE 5 PROGRAM LOANS RECEIVABLE (CONTINUED)

Scheduled receipts of principal on gross program loans receivable in certain governmental funds and proprietary funds in the five years subsequent to June 30, 2024, and thereafter are as follows (in thousands):

Governmental Funds:

	A	Illinois Mordable							
	Ho	Housing Trust Fund		HOME gram Fund	Re	ecovery and einvestment Act Fund	Build Illinois Bond Program

	\$	57,527	\$	555,779	\$	87,021			

Amounts recorded as due from FNMA (Fannie Mae) and the Federal Home Loan Mortgage Corporation (FHLMC/Freddie Mac) in the Mortgage Loan Program Fund represent the disbursed bond proceeds and accrued interest on certain bond issues which are secured by credit enhancements provided by FNMA and FHLMC. Under these obligations, the bond trustee may draw funds directly from FNMA and FHLMC when needed and in amounts sufficient to make timely payments of principal and interest on the bond issues when due and payable.

NOTE 6 REAL ESTATE HELD FOR SALE

An analysis of real estate for sale, net of allowance for estimated losses, as of June 30, 2024, is shown below (in thousands):

NOTE 8 BONDS AND NOTES PAYABLE (CONTINUED)

Bonds and notes outstanding are general obligations (G.O.) of the Authority with the exception of Homeowner Mortgage Revenue Bonds, Housing Revenue Bonds, Revenue Bonds, Multi-Family Initiative Bonds and Multi-Family Revenue Bonds, which are special limited obligations (S.L.O.) of the Authority. S.L.O. bonds, other than Housing Revenue Bonds, Revenue Bonds, and specific series of Homeowner Mortgage Revenue Bonds are payable from pledged property as defined in their respective general resolutions. Housing Revenue Bonds, Revenue Bonds, and specific series of Homeowner Mortgage Revenue Bonds are payable from pledged mortgage-backed securities. Certain issues of Multi-Family Initiative Bonds are credit enhanced by FNMA and FHLMC. The Authority has also pledged its general obligations to a limited extent and amounts, of which there are no bonds or obligations outstanding as of June 30, 2024. Per GASB Statement No. 88 disclosure requirements, the Authority is required to disclose direct borrowings, direct placement of debt, as well as other debt that it may hold. As seen in the table above, the Authority currently holds \$43.4 million in direct borrowings of debt, all within the Administrative Fund. The Authority also holds \$252.8 million in direct placements of debt, all within the Mortgage Loan Program fund. The remainder of debt held by the Authority is classified as Other Debt of \$3.8 billion, and is located within the Mortgage Loan Program Fund, totaling \$299.8 million, and the Single Family Program Fund, totaling \$3.5 billion (excluding premium and discount).

The Authority has pledged future mortgage loan and mortgage-backed security revenues, net of specified operating expenses, to repay outstanding principal of \$4.0 billion of S.L.O. bonds as noted in the following schedules for the Mortgage Loan Program Fund and Single Family Program Fund. The total principal and interest remaining to be paid on the S.L.O. Bonds is \$7.2 billion. For S.L.O. bonds payable from pledged property, interest paid for the fiscal year ended June 30, 2024, was \$99.7 million, and total related mortgage loan principal and interest received were \$20.5 million and \$16.4 million, respectively.

The Authority's outstanding obligations from direct borrowing relating to business-type activities contain provisions declaring events of default based on nonpayment on monies owed, failure to meet certain conditions under the governing documents, the Authority ceasing to be eligible as a housing associate under the Act, and other defined provisions within the applicable agreements. The lenders under each of the agreements have rights of principal acceleration under the governing documents of default. Subject to the provisions outlined within the respective agreements, additional remedies and enforcement exist.

Bonds and notes outstanding at June 30, 2024, are as follows. Listed maturity dates are indicated as calendar years. The June 30, 2023, amounts are shown for comparative purposes only.

Total Housing Bonds				\$	74,060	\$	79,055		

1. In accordance with the indenture, interest rates on the bonds are determined weekly and are paid monthly at a rate established by the remarketing agents on each rate determination date. The variable rates paid on the subject bonds ranged from 3.83% to 5.35% at June 30, 2024. Pursuant to the liquidity agreements, the bonds are subject for purchase by liquidity providers in the event of a tender by bondholders (Bank Bonds). Subject to other provisions within the liquidity agreements, the Bank Bonds will bear interest at a rate specified within the agreements and continue to be subject for remarketing-by-remarketing agents. In the event the remarketing agents are unable to remarket the Bank Bonds over a certain period of time, the Bank Bonds are subject to a put whereby the Authority is required to purchase and redeem the Bank Bonds over a period stated within the agreements. The Authority has a take-out agreement with the liquidity providers to convert the bonds to an installment loan payable over a three-to-five-year period. The interest rate that is to be paid during the put periods is SOFR plus 175 basis points. The current liquidity agreements for 2008 Series A, B, and C expire on May 23, 2029. The current agreements for 2015 Series A-3 and 2017 Series A-2 expire on December 30, 2024, and November 3, 2026, respectively

The Bonds and Bank Bonds are general obligations of the Authority and the timely payment of principal and interest on the Bonds and Bank Bonds are subject to credit enhancement agreements with credit enhancement providers. The Authority has a general obligation to reimburse the liquidity providers and credit enhancement providers for any such payments made.

B. Single Family Program Fund (Continued)

(1) In accordance with the indenture, interest rates on the bonds are determined weekly and are paid monthly at a rate established by the remarketing agents on each rate determination date. The variable rates paid on the subject bonds ranged from 3.78% to 5.35% at June 30, 2024, Pursuant to the liquidity agreements, the bonds are subject for purchase by liquidity providers in the event of a tender by bondholders (Bank Bonds). Subject to other provisions within the liquidity agreements, the Bank Bonds will bear interest at a rate specified within the agreements and continue to be subject for remarketing by remarketing agents. In the event the remarketing agents are unable to remarket the Bank Bonds over a certain period of time, the Bank Bonds are subject to a put whereby the Authority is required to purchase and redeem the Bank Bonds over a period stated within the agreements. The Authority has a take-out agreement with the liquidity providers to convert the bonds to an installment loan payable over a three-to-five-year period. The interest rate that is to be paid during the put periods is SOFR plus 175 basis points for all bonds issued prior to 2023; the interest rate that will be paid during the put periods on the 2023 Series C 2023 Series F, 2023 Series B expires on May 23, 2029, the liquidity agreement for 2020 Series C expires on October 15, 2025, the liquidity agreement for 2022 Series D expires on May 18, 2027, the liquidity agreement for 2023 Series F expires on September 21, 2027, the liquidity agreement for 2023 Series C expires on March 29, 2028, the liquidity agreement for 2023 Series F expires on March 29, 2028, the liquidity agreement for 2023 Series P expires on November 30, 2028.

C. Administrative Fund

Outstanding debt of the Administrative Fund is as follows (in thousands):

					Am	ount	
	Maturity	Interest		J	une 30,	,	June 30,
	Date	Rate (1)	Debt Class		2024		2023

				\$	43,402	\$	21,711
				-			

(1) Interest rate on the loan(s) may be fixed or variable, and is determined by type, length, and use of proceeds.

NOTE 8 BONDS AND NOTES PAYABLE (CONTINUED)

D. Current Refundings of Debt

On August 3, 2023, the Authority issued three (3) series of fixed rate and variable rate, taxexempt and taxable Single Family Revenue Bonds designated as Revenue Bonds Series 2023 HIJ ("Bonds"), totaling \$275 million to: (i) finance Mortgage-Backed Securities and down payment assistance loans or refinancing existing Mortgage Loans, (ii) refund at or in advance of maturity all or a portion of a number of series of the Authority's outstanding bonds or other obligations, and (iii) various other purposes as described in the corresponding Series Indenture. Within ninety (90) days of issuance, \$18.95 million of proceeds from the Bonds were used to redeem and/or refund prior series of Revenue Bonds and or obligation(s) ("Refunded Obligations"). Following the refunding of the Refunded Obligations, an approximate amount of \$18.95 million currently allocated to the Refunded Obligations were reallocated to the Bonds to purchase participation interest in Mortgage-Backed Securities. Due to the nature of this replacement refunding there is no economic gain.

On October 25, 2023, the Authority issued three (3) series of fixed rate and variable rate, tax-exempt and taxable Single Family Revenue Bonds designated as Revenue Bonds Series 2023 KLM ("Bonds"), totaling \$275 million to: (i) finance Mortgage-Backed Securities and down payment assistance loans or refinancing existing Mortgage Loans, (ii) refund at or in advance of maturity all or a portion of a number of series of the Authority's outstanding bonds or other obligations, and (iii) various other purposes as described in the corresponding Series Indenture. Within ninety (90) days of issuance, \$48.31 million of proceeds from the Bonds were used to redeem and/or refund prior series of Revenue Bonds and or obligation(s) ("Refunded Obligations"). Following the refunding of the Refunded Obligations, an approximate amount of \$48.31 million currently allocated to the Refunded

Obligations were reallocated to the Bonds to purchase participation interest in Mortgage-Backed Securities. Due to the nature of this replacement refunding there is no economic gain.

On November 11, 2023, the Authority issued three (3) series of fixed rate and variable rate, tax-exempt and taxable Single Family Revenue Bonds designated as Revenue Bonds Series 2023 NOP ("Bonds"), totaling \$289.53 million to: (i) finance Mortgage-Backed Securities and down payment assistance loans or refinancing existing Mortgage Loans, (ii) refund at or in advance of maturity all or a portion of a number of series of the Authority's outstanding bonds or other obligations, and (iii) various other purposes as described in the corresponding Series Indenture. Within ninety (90) days of issuance, \$100 million of proceeds from the Bonds were used to redeem and/or refund Revenue Bonds Series 2022 ("Refunded Obligations"). Following the refunding of the Refunded Obligations, an approximate amount of \$100 million currently allocated to the Refunded Obligations were reallocated to the Bonds to purchase participation interest in Mortgage-Backed Securities. Due to the nature of this replacement refunding there is no economic gain.

On March 6, 2024, the Authority issued two (2) series of fixed rate, tax-exempt and taxable Single Family Revenue Bonds designated as Revenue Bonds Series 2024 AB ("Bonds"),

NOTE 8 BONDS AND NOTES PAYABLE (CONTINUED)

D. Current Refundings of Debt (Continued)

totaling \$494.25 million to: (i) finance Mortgage-Backed Securities and down payment assistance loans or refinancing existing Mortgage Loans, (ii) refund at or in advance of maturity all or a portion of a number of series of the Authority's outstanding bonds or other obligations, and (iii) various other purposes as described in the corresponding Series Indenture. Within ninety (90) days of issuance, \$7.89 million of proceeds from the Bonds were used to redeem and/or refund prior series of Revenue Bonds and or obligation(s) ("Refunded Obligations") and \$60 million of proceeds from the Bonds were used to redeem Revenue Bonds Series 2023 G. Following the refunding of the Refunded Obligations, an approximate amount of \$7.89 million currently allocated to the Refunded Obligations were reallocated to the Bonds to purchase participation interest in Mortgage-Backed Securities. Due to the nature of this replacement refunding there is no economic gain.

On May 29, 2024, the Authority issued two (2) series of fixed rate, tax-exempt and taxable Single Family Revenue Bonds designated as Revenue Bonds Series 2024 CD ("Bonds"), totaling \$344.64 million to: (i) finance Mortgage-Backed Securities and down payment assistance loans or refinancing existing Mortgage Loans, (ii) refund at or in advance of maturity all or a portion of a number of series of the Authority's outstanding bonds or other obligations, and (iii) various other purposes as described in the corresponding Series Indenture. Within ninety (90) days of issuance, \$116.14 million of proceeds from the Bonds were used to redeem and/or refund prior series of Revenue Bonds and or obligation(s) ("Refunded Obligations").

Following the refunding of the Refunded Obligations, an approximate amount of \$116.14 million currently allocated to the Refunded Obligations were reallocated to the Bonds to purchase participation interest in Mortgage-Backed Securities. Due to the nature of this replacement refunding there is no economic gain.

E. Other Financings

From time to time, the Authority has issued conduit obligations with a claim for repayment solely from payments received with respect to the mortgage loans. The bonds are not general obligations of the Authority, and they are not a debt of the State of Illinois; neither is liable to pay interest and principal on the bonds. Accordingly, the bonds and the related mortgage loans are not included in the Authority's financial statements. The bonds do, however, apply toward the Authority's authorized debt limitation.

As of June 30, 2024, there were 129 series of such bonds or notes outstanding, with an aggregate principal amount payable of \$2,182 million.

NOTE 8 BONDS AND NOTES PAYABLE (CONTINUED)

F. Assets Restricted for Capital and Debt Service Reserves

Pursuant to the Act and various resolutions of the Authority, certain assets (principally investments) are maintained in capital and debt service reserve funds and may be used only for the payment of principal and interest on certain bonds. The reserve funds must be maintained at an amount at least equal to the following:

Bonds	Requirement
Housing Bonds	The amount established by each series resolution, currently six months of maximum principal and interest payments.
Multifamily Initiative Bonds	The maximum amount of principal and interest due on any interest payment date excluding the final interest payment date.
Multifamily Revenue Bonds	One-half of the maximum amount of principal and interest due for the then-current or any future calendar year.
Homeowner Mortgage Revenue Bonds	The sum of all amounts established by each series resolution, but such amount cannot be less than 2% for the Homeowner Mortgage Revenue Bonds of the sum of (i) the outstanding principal balance of related mortgage loans, and (ii) the amount on deposit to the credit of series program accounts of the program fund.

The amounts of such reserves, for measurement purposes against the various bond resolution reserve requirements, are valued at book value or par, or, if purchased at less than par, at their cost to the Authority. At June 30, 2024, these reserve amounts, which were not less than the amounts required are as follows, in thousands:

Housing Bonds	\$ 3,547
Multifamily Initiative Bonds	561
Multifamily Revenue Bonds	10,611
Homeowner Mortgage Revenue Bonds	1,650
Total	\$ 16,369

The Authority's outstanding obligations from direct borrowing relating to business-type activities contain provisions declaring events of default based on nonpayment on monies owed, failure to meet certain conditions under the governing documents, the Authority ceasing to be eligible as a housing associate under the Act and other defined provisions within the applicable agreements. The lenders under each of the agreements have rights of principal acceleration under the governing documents based on aforementioned events of default. Subject to the provisions outlined within the respective agreements, additional remedies and enforcement exist.

The Authority has a line of credit in the Administrative Fund for cash advances with the Federal Home Loan Bank of Chicago up to \$500 million. The current undrawn portion of the Authority's authorized amount is \$457 million. The drawn amount of \$43 million is included in Bonds and Notes Payable.

NOTE 8 BONDS AND NOTES PAYABLE (CONTINUED)

H. Derivative Instruments

The incurring of obligations by the Authority involves a variety of interest rate payments and other risks, for which a variety of financial instruments are available to offset, hedge, or reduce these payments and risks. It is the policy of the Authority to utilize risk management agreements to better manage its assets and liabilities. The Authority may execute risk management agreements if the transaction can be expected to result in at least one of, but not limited to the following:

- a) The achievement of savings over alternative products existing in the capital markets;
- b) The management of the Authority's exposure to floating and fixed interest rates;
- c) Ability to access the capital markets more rapidly than may be possible with conventional debt instruments;
- d) The management of the Authority's exposure to the risk of changes in the legal and regulatory treatment of tax-exempt bonds; and
- e) The ability of the Authority to increase income, lower costs, or strengthen the Authority's financial position.

As of June 30, 2024, the Authority has active swap and interest rate cap contracts. Details are shown in the following tables, in thousands.

* The fair value is classified as derivative instrument liability and a deferred outflow of resources.

** The fair value is classified as derivative instrument asset and a deferred inflow of resources.

NOTE 8 BONDS AND NOTES PAYABLE (CONTINUED)

H. Derivative Instruments (Continued)

The fair value of the interest rate swaps was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swaps. The fair value of the interest rate swap and rate caps were estimated by the Authority using data provided by the Authority's swap advisor.

(1) (2) (3)

S&P/Moody's Represents rate for swap and cap rate for interest rate caps.

NOTE 8 BONDS AND NOTES PAYABLE (CONTINUED)

H. Derivative Instruments (Continued)

To protect against the potential of rising interest rates, the Authority has entered into pay fixed, receive variable, interest rate swap agreements. The objective of these agreements is to achieve a synthetic fixed interest rate on the underlying bonds at a cost anticipated to be less than the amounts paid had the Authority issued fixed rate debt. In addition, the Authority has entered into interest rate cap agreement, the objective of which is to establish a maximum debt service which may be paid over the life of the underlying bonds.

The terms, fair values, and credit ratings of the outstanding agreements as of June 30, 2024, are shown in the above table. The notional amount of the swap and caps match the principal amount of the associated debt except in the case of Series 2008 A where early redemption of bonds has reduced the outstanding bond amount leaving the notional amount of the interest rate cap at its original scheduled value.

The Authority's swap and cap agreements in most cases contain scheduled reductions to outstanding notional amounts that are expected to approximately follow scheduled or an anticipated reduction in the associated bonds payable category.

Because interest rates have increased since the execution of the swap agreements in the Single-Family Program Fund, they have positive fair values as of June 30, 2024. The positive fair value may be countered by increases in total interest payments required under the variable-rate bonds, creating higher synthetic interest rates. Because the coupons on the Authority's variable rate bonds adjust to changing interest rates, the bonds do not have corresponding fair value changes.

As of June 30, 2024, the Authority was not exposed to credit risk for the swaps that had negative fair value of \$2.7 million. As interest rates change and the fair value becomes positive, the Authority is exposed to credit risk in the amount of the swap's or cap's fair value. The Authority is exposed to credit risk on the caps and swaps with positive fair value. The aggregate fair value of hedging derivative instruments with positive fair value on June 30, 2024, was \$34.9 million. This represents the maximum loss that would be recognized at the reporting date if all counter-parties failed to perform as contracted. Fair value is a factor only upon termination.

Basis risk on a swap occurs when the variable payment received is based on an index other than the index on the underlying bonds. The Authority believes its swap agreements have been structured to minimize or eliminate this risk.

NOTE 8 BONDS AND NOTES PAYABLE (CONTINUED)

H. Derivative Instruments (Continued)

The Authority or the counterparty may terminate the swap agreements if the other party fails to perform under the terms of the agreements. If a swap is insured, a termination event occurs if the insurer fails to meet its obligations under the agreement

The Authority is not exposed to rollover risk on its swap agreements. The Authority is exposed to rollover risk on hedging derivative instruments that are hedges of debt that mature or may be terminated prior to the maturity of the hedged debt. When these hedging derivative instruments terminate, the Authority will be re-exposed to the risks being hedged by the hedging derivative instrument. The Authority is exposed to rollover risk on the caps which have termination dates that occur prior to the final maturity of the related bonds.

As of June 30, 2024, debt service requirements of the Authority's outstanding variable-rate debt and net swap payments, assuming current interest rates remain the same, for their term are as follows, in thousands:

	Variable-Rate Bonds			Interest Rate					
		Principal		Interest	Swap, Net			Total	
Year Ending June 30:									
2025	\$	1,375	\$	21,803	\$	(5,368)	\$	17,810

As rates vary, variable rate bond interest payments and net swap payments will vary.

NOTE 9 DEPOSITS HELD IN ESCROW

Deposits from developers, which are held in escrow in the Administrative Fund, may be used when necessary to pay principal and interest payments and fund construction cost overruns, change orders, tax and insurance payments, and capital improvements (see Note 5). In addition, on certain developments, letters of credit and assignments of syndication proceeds are held by the Authority for similar purposes and to fund potential operating deficits of the related developments. Investment income earned on deposited funds is credited to the respective developer's escrow accounts.

NOTE 10 LEASES

The Authority has entered into a lease for office facilities and leases for office equipment with remaining lease terms ranging from five to ten years. If renewal is reasonably assured, leases by the Authority are considered noncancelable leases for financial reporting purposes. Periods covered by renewal and termination options are not included in the right-to-use asset or lease liability balance until they are reasonably certain of exercise. There are no additional lease contracts or renewal in the current fiscal year. For further details see Note 7 Capital Assets.

Lease payments (dollars in thousands) to maturity for the Authority's administrative fund are as follows:

Year Ending	Principal		Interest
2025	\$	1,254	\$ 109
2026		1,312	54
2027		564	 6
Total lease payments	\$	3,130	\$ 169

NOTE 11 SUBSCRIPTION BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The Authority has entered into Subscription Based Information Technology Arrangements (SBITA's) with remaining subscription terms ranging from one to four years. Periods covered by renewal and termination options are not included in the right-to-use asset or subscription liability balance until they are reasonably certain of exercise. For additional contracts or renewal in the current fiscal year, see further details in Note 7 Capital Assets.

Subscription payments through 2028 in the Authority's administrative and governmental funds are as follows (in thousands):

Fiscal Year Ended	Government Principal	Government Interest	Proprietary Principal	Proprietary Interest
June 30, 2025	\$ 284	\$ 51	\$ 648	\$ 100
June 30, 2026	296	39	165	7
June 30, 2027	308	27	509	44
June 30, 2028	321	14	—	_
Total	\$ 1,209	\$ 131	\$ 1,322	\$ 151

NOTE 12 RISK MANAGEMENT

The bonds issued by the Authority after 1980 are subject to a variety of Internal Revenue Service (IRS) regulations that limit the amount of income that may be earned with nonpurpose investments to an amount not greater than the amount that would have been earned had the funds been invested at the yield on the bonds as defined by the IRS. Excess earnings must be rebated annually, or every five years, depending on the date and type of bond issue. It has been determined that there is an estimated rebate liability of \$4.8 million as of June 30, 2024. The rebate liability are included in Accrued Liabilities and Other in the Authority's financial statement in the Single Family Program Fund and in the Mortgage Loan Program Fund.

In connection with various federal and state grant programs, the Authority is obligated to administer related programs and spend the grant funding in accordance with regulatory restrictions and is subject to audits by the grantor agencies. In the opinion of Authority management, any grant expenditures that may be disallowed by the grantor agency, if any, would not result in a material liability to the Authority.

The Authority carries commercial insurance for directors and officer's liability, general liability, employee health, workers' compensation, cyber liability, crime, property, and automobile ownership and usage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. Insurance coverage has not changed significantly since the prior year.

NOTE 13 RETIREMENT PLAN

The Authority provides a voluntary defined contribution retirement plan for the benefit of its employees through an agreement with Vanguard Investments. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Full time employees are eligible to participate in and are fully vested in the plan from the date of employment. All plan assets and investments are administered by a trustee, which maintains an individual account for each participant. The Authority contributes 6% of its employees' salaries and employees, at their option, may contribute up to 100% (within a maximum dollar limit) of their salaries to the plan. In addition, the Authority, under the provisions of the Economic Growth and Tax Relief Act of 2001, permits additional contributions each calendar year for those employees who attain age 50 (or higher) during the calendar year. The plan may be amended or terminated by the Authority at any time and for any reason in the future, but no such action can deprive employees of their vested interests.

The Authority's total payroll for the fiscal year 2024 was \$35.4 million. The Authority's contributions were calculated using the base salary amount of \$34.9 million. The Authority contributed \$2.1 million, or 6.00% of the base salary amount, in fiscal year 2024. Employee contributions amounted to \$2.9 million, in fiscal year 2024, or approximately 8.31% of the base salary amount.

NOTE 14 COMMITMENTS AND CONTINGENCIES

A. Loans

At June 30, 2024, the Authority had authorized loans and grants totaling \$60.8 million for the Illinois Affordable Housing Trust Fund.

Under the HOME Program, \$600.6 million and \$19.1 million for federal fiscal years 1992 through 2023 and 2024, respectively, have been allocated to the State by HUD, to be administered by the Authority, under the HOME Program provisions of the 1990 National Affordable Housing Act. At June 30, 2024, the Authority had authorized loans and grants totaling \$7.5 million for the HOME Program.

In accordance with an agreement (the FAF Agreement) entered into by the Authority in 1982, annual Section 8 contributions payable to HUD with respect to the developments financed by certain of the Authority's Multi-Family Housing Bonds, would be reduced to the extent of the debt service savings resulting from the early redemption of these bonds. These redemptions were accomplished through subsequent issuance of Multi-Family Housing Bonds.

NOTE 14 COMMITMENTS AND CONTINGENCIES

A. Loans (Continued)

In November 2006, the Authority entered into a new agreement (the FAF Refunding Agreement) with HUD at the time of delivery of the Authority's Housing Bonds, 2006 Series G to refund the Multi-Family Housing Bond refunding bonds. Pursuant to federal legislation and a written agreement with the Authority, HUD has agreed to share a portion of such savings (the FAF Savings Program) with the Authority in order to create and maintain affordable housing opportunities for individuals of "very low income" (as such term is defined in the 1937 Housing Act) in the State. These savings, which are to be used solely for the purposes stated above, are recorded as other income of the Administrative Fund. At June 30, 2024, loans receivable under this program were approximately \$44.6 million.

B. Issuances

A Summary of the Authority's outstanding issuances as of June 30, 2024, is as follows (in thousands):

		Estimated	
	Date of	Delivery	Amount Not
Series	Commitment	Date	to Exceed
Multifamily Revenue Bonds:			
Taft Homes 4% - As part of a 2024 non-taxable refunding issuance	5/21/2021	4/1/2025	\$ 6,000
Armory Terrace - As part of a 2024 non-taxable refunding issuance	11/24/2021	7/26/2024	9,000
Burnham Manor - As part of a 2024 refunding issuance	3/18/2022	8/8/2024	12,725
South Park Plaza - As part of a 2025 refunding issuance	06/16/2023	2/01/2025	12,750

C. Legal

The Authority is a defendant in various legal actions arising from normal business activities. Management believes, after consultation with legal counsel, that the ultimate liability, if any, resulting from these legal actions, will not materially affect the Authority's financial position or results of operations.

NOTE 15 SUBSEQUENT EVENTS

On July 1, 2024, \$4 million of the Authority's bank balances that were not covered by federal depository insurance, or collateral held by an agent - as described in Note 3 - were fully collateralized by additional securities provided by the banking institution.

On July 17, 2024, the Authority issued tax-exempt Multifamily Revenue Bonds in an aggregate amount of \$30 million, the proceeds of which were used to finance the acquisition, rehabilitation and equipping of 98-unit senior rental housing development known as Ravine Terrace located in Waukegan, Illinois.

On July 26, 2024, the Authority issued tax-exempt Multifamily Revenue Bonds (Refunding Bonds) in an aggregate amount of \$7.1 million to refund the tax-exempt Multifamily Mortgage Revenue Note, 2021 Series A (Armory Terrace) (2021 Series A Note), the proceeds of which were used to finance the acquisition, construction and equipping of 50-unit multifamily rental housing development located in Waukegan, Illinois. The Authority placed the Refunding Bonds with Citibank, N.A. pursuant to a forward bond purchase agreement by and between the Authority and Citibank, the Refunding Bonds were issued on July 26, 2024 to refund the 2021 Series A Note issued on November 24, 2021 in an amount of \$7.1 million.

On August 8, 2024, the Authority issued tax-exempt Multifamily Revenue Bonds (Refunding Bonds) in an aggregate amount of \$12.725 million to refund the tax-exempt Multifamily Mortgage Revenue Note, 2022 Series A (Burnham Manor) (2022 Series A Note), the proceeds of which were used to finance the acquisition, rehabilitation and equipping of 100-unit senior rental housing development located in Elgin, Illinois. The Authority publicly offered the Variable Rate Refunding Bonds, which were issued on August 8, 2024 to refund the 2022 Series A Note issued on June 30, 2022 in an amount of \$18.0 million.

On August 14,2024, the Authority issued its Revenue Bonds, 2024 Series E, F, G, and H, in the aggregate principal amount of \$491 million. Proceeds of the Series 2024 E, F, G, and H Bonds together with other funds of the Authority are expected to be used to: (a) purchase, and/or reimburse the Authority for its prior purchase of mortgage-backed securities guaranteed as to timely payment of principal and interest by the Government National Mortgage Association, the Federal National Mortgage Association, or the Federal Home Loan Mortgage Corporation (or participation interests in such mortgage-backed securities), and (b) pay/reimburse the Authority for certain costs incurred in connection with the issuance of the Series 2024 E, F, G, and H Bonds.

On September 10, 2024, the Authority issued tax-exempt Multifamily Revenue Bonds in an aggregate amount of \$23.7 million, the proceeds of which were used to finance the acquisition, rehabilitation and equipping of 123-unit senior rental housing development known as Willa Rawls located in Chicago, Illinois.

On September 26, 2024, the Authority issued tax-exempt Multifamily Revenue Bonds in an aggregate amount of \$16.5 million, the proceeds of which were used to finance the acquisition, rehabilitation and equipping of 116-unit scattered site senior and family rental housing development known as Villager & Briarwood West Apartments located in Crystal Lake, Illinois.

NOTE 15 SUBSEQUENT EVENTS (CONTINUED)

At this time, the Authority is not aware of any other facts, decisions or conditions that are expected to have a significant impact on financial position or results of operations.

ILLINOIS HOUSING DEVELOPMENT AUTHORITY

STATISTICAL SECTION

ILLINOIS HOUSING DEVELOPMENT AUTHORITY A COMPONENT UNIT OF THE STATE OF ILLINOIS STATISTICAL SECTION YEAR ENDED JUNE 30, 2024

This part of the Illinois Housing Development Authority Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements and note disclosures says about the Authority's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the Authority's financial performance and well-being have changed over time.

Revenue Capacity

These tables contain information to help the reader assess the Authority's various revenue sources.

Debt Capacity

These tables present information to help the reader assess the affordability of the Authority's current levels of outstanding debt and the Authority's ability to issue additional debt in the future.

Economic and Demographic Information

These tables offer economic and demographic indicators to help the reader understand the environment within which the Authority's financial activities take place.

Operating Indicators

These tables contain data to assist the reader in understanding how the information in the Authority's financial report relates to the communities and services the Authority provides and the population it serves.

Note: Details regarding the Authority's outstanding debt can be found in Note 8 to the current financial statements. Details regarding the Authority's subscriptions and lease liabilities can be found in Note 10, and Note 11 to the current financial statements.

Authority Debt Limitation: Pursuant to the IHDA Act(20 ILCS 3805/22), effective July 1, 2024 the Authority has the power to have up to \$11.5 billion of general and special limited obligation bonds and notes outstanding, excluding those issued to refund outstanding bonds and notes. Prior years the Authority had the power to have up to \$7.2 billion of general and special limited obligation bonds and notes outstanding, excluding those issued to refund outstanding bonds and notes. At June 30, 2024 amounts outstanding against this limitation were approximately \$6.3 billion.
